OFFICIAL PAPER OF THE COUNTY.

Entered as Second Class Matter at the Post Office, Las Vegas, N. M., on the 27th day of January, 1894.

ALBUQUERQUE FEB 17, 1894

A. Mennett, of Las Vegas, and Sheriff Loma, of Los Lunas, are at the European.

A Hart, the second hand dealer on south Second street, has purchased the C. H. Littlewood ranch at Barcitas, south of the city, for \$2,500.

On next Monday morning a party of Albuquerqueans will go on a mousing expedition to the desolate mountains James Bentley, the veteran of mountains and valleys, will pilot the party.

Max Becker has been appointed general agent in New Mexico for the German Life Insurance company, vice G. L. Brooks, who resigned on his appointment as life stock agent for the Santa Fe road. Mr. Becker is a master and will succeed in his new position.

Warren A. Root, traveling representative of the Idaho Mining Record of Denver, is in the city on his homeward way after a three months trip through Arizona and southern New Mexico. He will visit the Cochetopa camp and give it a write up in his popular mining journal.

Wm. Pace has sold his residence in the Highlands on Water street to Col. Givens, the general manager of the Singer Sewing machine office of this city. Col. Givens is from Las Vegas, but is so much pleased with Albuquerque that he has bought property here. The sale was made by K. H. Dunbar.

The experience of George A. Argan, of Goshen Valley, N. J., is well worth remembering. He was troubled with chronic diarrhoea and constipation for five months and was treated by four different doctors without benefit. He then began using Chamberlain's Colic, Chilcott and Diarreha remedy, of which the small bottle effected a complete cure. It is sold by T. H. Burgess and Son, druggists.

The most exciting the Albuquerque Free Library association has yet received was that from Mrs. Alfred Grunfeld which amounted to a check calling for \$25. It was a most substantial contribution and Mrs. Grunfeld is to be congratulated upon her generosity and forethought. The members of the association have voted Mrs. Grunfeld their thanks.

The district court of Valencia county will convene next Monday morning at Los Lunas, and will probably be in session for at least ten days. The Albuquerque lawyers will go to Los Lunas on the early trains next Monday morning. The Cruz brothers understand that several young gentlemen, who have been reading law for the past several years, will apply for admission to the bar.

Railroad Outlook

The rumor of building the railway to Roswell is undoubtedly all talk. The figures alone would cost \$2,000, the iron, \$4,000, the grading \$500, each mile of the road. The total cost of constructing a railway from here to Roswell would entail an expense of \$8,000,000. When this is taken in view of the talk of a \$50,000 bonus looks small compared with the total cost of construction, to say nothing of equipment in rolling stock and motive power. It is not worth while to build unless to connect with the Santa Fe and thereby obtain a share of the upper country traffic from Gulf points. The road will be built when the company gets ready to build and small bonuses will not count.

Ed. Argus.

Ten days' loss of time on account of sickness and doctor bill to pay, is anything but pleasant for a man of a family to contemplate, but there is a doctor, merchant, merchant or publisher, J. O. Jones, publisher of the Leader, Marfa, Texas, was sick in bed for ten days with the grip during its prevalence a year ago. Later in the season he had a second attack. He says: "In the latter case I used Chamberlain's Cough Remedy with considerable success, I think, only being in bed a little over two days. The second attack I am satisfied would have been equally as bad as the first but for the use of this remedy." It should be borne in mind that the grip is much the same as a very severe cold and requires precisely the same treatment. When you wish to cure a cold quickly and effectively give this remedy a trial. 50 cent bottle for sale by T. H. Burgess & Son, druggists.

Not a Shortage.

According to the statement of Brother Budolph, who is thoroughly conversant with the subject, the alleged shortage of \$694.64 in the accounts of ex-Gavino Ortiz does not exist at all. In fact, so says Brother Budolph, the county is indebted to Mr. Ortiz in the sum of \$75.89. The error of the apparent shortage was due to the inexorable carelessness of ex-Secretary of the Board of City Education Seward. The poll tax collected in '92 in school districts Nos. 3 and 4 amounted to \$10,18.90 and the money derived from the sale of books to \$2,81.84, making a total of \$1,014.24, which, at the time of the segregation of the city from the district schools was paid over to the city. Through a careless error the city was again allowed to draw \$1,040.53 from the county, which sum it wrongfully obtained. The latter sum was not properly credited by the then treasurer, Ortiz, and hence the discrepancy arose. This would seem to leave the city public schools in a worse condition than ever.

For over Fifty Years.

AN OLD AND WELL-TRIED REMEDY. — Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, and is the best remedy for diarrhoea. It is pleasant to the taste. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

IN THE COAL OIL.

The Fire Department called out twice to subdue a mysterious fire.

This morning, at 1:45 o'clock, an alarm of fire was sounded for the Fourth ward, and after much difficulty in locating the fire, the department finally found that the residence, No. 305 west Tijeras avenue and occupied by Mr. and Mrs. Roman Roman, was the scene of the trouble.

The smoke, issuing from the rear room, upstairs, and the dining room and kitchen, downstairs, was so dense and black, without water being applied from the hose company, the flames were mastered by the two Babcock extinguishers, operated alternately by Mike Ryan, Wm. Mason and H. D. Johnson.

The smoke, issuing from the rear room, upstairs, and the dining room and kitchen, downstairs, was so dense and black, without water being applied from the hose company, the flames were mastered by the two Babcock extinguishers, operated alternately by Mike Ryan, Wm. Mason and H. D. Johnson.
